For this yr's outreach/service event you only need to bring two things; one of which is your creativity! The event has 2 portions. The 1st will be making Valentine's Day themed cards, putting glow tracks + Bible Study Offers inside & giving them to the community. Whoever makes the most creative card will have the chance of winning \$\$\$ later that night based on a vote! The 2nd portion we are calling: Giving a Cloak to a Bloke. We've had some very cold days this season, and there are people in need who don't even possess a decent coat. We are asking that everyone try to bring an old/used coat or blanket in adequate condition. We will be working to hand those out to people in the community who need them.
