

Welcome!

We are so glad you have come to this year's Adventurer Family Camp!

This weekend is designed solely to be a service to your family! We have tried to pace everything so you are not rushed, but not bored waiting for the next activity!

You will notice that we have an interactive Sabbath School, Spirit filled worships, fun Sabbath afternoon and Saturday night activities. Sunday activities will be a blast and will also test the kids skill levels in a variety of ways.

We hope you will choose to be part of these activities, but if you would like to just take your family for a walk and enjoy the quietness and special family time, please do.

We encourage you to stay on this side of the lake, except for the planned Sabbath afternoon activities on the Board Walk, as Camp Au Sable has other guests on the other side of the lake!

We hope your family draws closer to Jesus this weekend!
